

Finally, we have a choice when it comes to local traffic and weather. I'm so sick of the banter and pointless chatter of local radio station "talent". And now the NAB is crying in Washington. Nothing like a little competition to bring out the whiners. Well Boo-Hoo to the local stations for providing such crap. I Respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that we demand and deserve.
